FAITH MISSIONS GHANA

2025 Report

Welcome to the Faith Missions Ghana recap of 2025. We are pleased to share the accomplishments of both The LifeWells Project and The Helping Hands Team.

The LifeWells Project team joins the community in celebrating the completion of a new borehole. Brother Richard Aduku and Pastor David, both members of the LifeWells Project team, first visited Jopete-teng in the Upper West region of Ghana in the Summer of 2023 and met with the Chief and village leaders.

The finished borehole is a source of potable water for the entire community; no longer will families have to share the same water source with animals or walk miles for water. The village craftsmen created a plaque marker that reads, *"This well is dedicated to the People of Jopete-teng. LifeWells is a project of Faith Missions Ghana with funding from Faith Missions USA."* We are thankful for our donors who helped make this happen for the community.

Celebration in Jopete-Teng

**Gyanvuuri Municipal/Assembly
(M/A) Primary School.
Student Levels: Kindergarten
(KG) to Primary.**

The Helping Hands team delivered needed school supplies to Gyanvuuri. Brother Richard Aduku presented school items, including Dual Desks, backpacks, sneakers, and other learning materials, to the Gyanvuuri M/A KG & Primary school. The school is located in the Jirapa Municipal District of the Upper West Region, Ghana. It is a public school providing kindergarten and primary education to the local community.

In addition to the school supplies, clothing for women, children, and men was also presented to the village, allowing them to freely choose items for their families.

Faith Missions Ghana deeply appreciates the clothing donated from our family, friends, and supporters in the U.S. for this community.

We're so grateful for the donors who support our work. We pray you will share our work with your family and friends so we may continue our mission.
